MIRZA MUHAMMAD JAMAL NASIR

LECTURER of COMPUTER SCIENCE, AI & DATA SCIENCE

London, UK | 07946 759 658 | mirzajamal750@gmail.com | linkedin.com/in/mirza-jamal-mlengg/

PROFESSIONAL PROFILE

Computer Science, Artificial Intelligence and Data Science educator with a strong combination of academic teaching experience and industry expertise in machine learning engineering, AI development and technical project delivery. Experienced in teaching programming, database systems, operating systems, Python, Machine Learning, Deep Learning, Computer Vision, Natural Language Processing and Data Science. Holds an MSc in Data Science with Advanced Research (Distinction) from the University of Hertfordshire and a degree in Computer Software Engineering. Brings a practical, student-focused approach to teaching, combining classroom instruction, laboratory sessions and real-world AI projects to help students develop strong technical knowledge and problem-solving skills.

TEACHING AREAS

- **Computer Science Fundamentals:** Programming Concepts, Algorithms and Problem-Solving
- **Programming Languages:** Python, C and C++
- **Database Systems:** Database Design and Data Management
- **Computer Systems:** Operating Systems and Information Technology
- **Artificial Intelligence:** Machine Learning and Deep Learning
- **Data Science & Analytics:** Data Analysis, Statistical Methods and Data Interpretation
- **Computer Vision:** Image Processing and Visual Recognition
- **Natural Language Processing:** NLP Applications and Chatbot Development
- **Time-Series Analysis:** Temporal Data Analysis and Forecasting
- **Data Visualisation:** Data Presentation and Visual Analytics
- **Cloud Computing:** Introductory Microsoft Azure Concepts

TEACHING EXPERIENCE

Artificial Intelligence and Data Science Instructor | *The University of Punjab, Lahore* | *May 2023 – Aug 2023*

- Delivered AI and Data Science instruction and practical lab support through a structured training programme.
- Mentored approximately 60–70 BS, MS and PhD-level learners from different subject areas, including Mathematics, Physics, Chemistry, Geology and Space Science.
- Supported learners in Python, data handling and analysis, Machine Learning, Deep Learning, Computer Vision, NLP, chatbots, time-series analysis and Azure concepts.
- Guided students in research methods and applying AI techniques to problems in their own disciplines.

Senior Lecturer of Computer Science | *Punjab Group of Colleges* | *Sep 2022 – May 2023*

- Taught Operating Systems, Databases, C, C++, Visual Basic and IT fundamentals through lectures, practical sessions and student support.
- Supported student projects, assessment and examination preparation, and contributed to curriculum delivery for Computer Science modules.

Lecturer of Computer Science | *Noor Wings Cadet College* | *Aug 2019 – Mar 2020*

- Taught C, C++, databases and IT foundations, supporting students with programming fundamentals and project preparation.

INDUSTRY EXPERIENCE

Machine Learning Team Lead Engineer | *Kyaas Solutions* | *Jun 2023 – Sep 2023*

- Led the design of 10+ AI solutions and supervised a six-person engineering team.
- Coordinated ML architecture and MLOps delivery across 12+ projects; reported reducing deployment cycles from 14 days to 3 days.

Senior Machine Learning Engineer | *Sigma Square* | *Feb 2023 – May 2023*

- Implemented MLflow-based MLOps workflows and supported cloud AI deployments using AWS and Azure.

Machine Learning Engineer | *University of South Asia, Centre of Innovation & Entrepreneurship* | *Mar 2022 – Jan 2023*

Contributed to a healthcare AI application and worked with medical professionals on data collection, preprocessing and image annotation.

Machine Learning Engineer | *Zmedia Technology* | *Jul 2018 – Feb 2022; Requirement Engineer Jan 2018 – Jun 2018*

Delivered ML/DL projects involving computer vision, NLP, forecasting and automated data pipelines; gathered client requirements and supported sprint planning earlier in the role.

EDUCATION

MSc Data Science with Advanced Research (Distinction) | *University of Hertfordshire* | *Sep 2023 – Sep 2025*

Dissertation: comparative evaluation of Westlake 7.2B fine-tuned using QLoRA and IA³ within the PEFT framework, evaluated on emotional-intelligence benchmarks.

Bachelor of Computer Software Engineering | *Foundation University, Islamabad* | *Sep 2015 – Sep 2019*

Final-year project: Event Halls Recommendation System using collaborative and content-based filtering.

SELECTED TECHNICAL PROJECTS

Healthcare AI and medical image analysis:

Developed/contributed to healthcare classification work using clinical records and diagnostic images; also worked on skin-image classification and neural-cell detection using Mask R-CNN.

Agricultural computer vision:

Cotton leaf disease classification and an IoT/Azure concept using YOLOv8 to report crop health and soil-moisture indicators.

NLP and conversational systems:

Built a telecom package-information chatbot using NLP techniques and NLTK.

Forecasting and time series:

Worked on financial and real-estate forecasting using approaches including LSTM, ARIMA, Prophet and related time-series methods.

Security and content analysis:

Worked on masked-face identification, IoT botnet/DDoS classification, and image filtering for live news content.

TECHNICAL SKILLS

Programming: Python, C, C++, JavaScript, SQL.

AI/**ML**: scikit-learn, TensorFlow, Keras, H2O.ai, MLflow, Optuna.

Data: NumPy, Pandas, Matplotlib, Seaborn, statistical modelling, data preprocessing and feature engineering.

CV/NLP: YOLO, Mask R-CNN, GANs, NLTK, spaCy, transformer models, LoRA/IA³/QLoRA (PEFT). **Platforms** and **development**: Azure, AWS, Django, React.js, MERN stack, Tableau, Power BI.

CERTIFICATIONS & TRAINING

Microsoft AI-900 Azure Fundamentals

Huawei HCIA-AI Big Data V2.0

Associate Artificial Intelligence (Machine Learning/Deep Learning)

University of Punjab Lahore under NAVTTC

MERN Stack Development Bootcamp, PSEB & P@SHA (Softoo).

AWARDS

Commendation from University of Hertfordshire dissertation evaluation panel (2025) for MSc research on QLoRA and IA³ fine-tuning using PEFT. Employee of the Month, Kyaas Solutions (Aug 2023).

ADDITIONAL INFORMATION

Languages: English (fluent)

Urdu (native).
